

Oil & Gas Research Program- Grant Round 46- Application Summaries						
Application Number	Application Title	Applicant	Project Duration	Summary of Project	Funding Requested	Total Project Cost
G-46-A	intelligent Pipeline Integrity Program (iPIPE)	Hess Corporation, Staoil ASA, and Oasis v1idstream Partners	44 Months	This project proposed a 3½-year industry-led program to develop, test, and demonstrate advanced technologies for preventing and detecting leaks in North Dakota's oil and produced water gathering pipelines. Managed by the Energy & Environmental Research Center (EERC), the program would evaluate emerging technologies on active pipelines, identify the most effective solutions, and promote their adoption to improve pipeline safety, reduce environmental impacts, and strengthen public confidence in pipeline operations.	\$1,600,000	\$3,714,000
