

Oil & Gas Research Program- Grant Round 47- Application Summaries						
Application Number	Application Title	Applicant	Project Duration	Summary of Project	Funding Requested	Total Project Cost
G-47-A	History of the ND Oil and Natural Gas Industry	North Dakota Petroleum Foundation	3 Years	The project was revised to require Advisory Committee review of research and content before publication. It also expanded anticipated deliverables to include interactive educational content through museums, traveling exhibits, and the Talking Trails mobile app, using GPS and iBeacon technology to connect visitors with audio and video stories at historic and energy-related sites. These additions aim to increase public engagement, education, and accessibility of the project's content.	\$295,500	\$607,000
G-47-B	Energy of ND Program	North Dakota Petroleum Foundation	21 Months	The Energy of North Dakota program sought to continue statewide public education and outreach about North Dakota's oil and gas industry. Administered by the North Dakota Petroleum Foundation, the project supported community outreach events, teacher and student education, public information sessions, environmental stewardship initiatives, workforce awareness, and multimedia communications to improve public understanding of the industry's economic, environmental, and technological contributions to the state.	\$490,000	\$1,094,000
