Do you anticipate needing to request a grant extension? /_/ Yes /X/ No

If yes, please explain:

*As appropriate please provide copies of receipts for purchases.

Work Completed during Period Covered by Report:

(This information will be posted on the Outdoor Heritage Fund/Industrial Commission website)

Three restroom units with 2 toilets each were installed at Sky Chief Park. One unit is sized 10' x 24' to accommodate a changing area and is located on Gordon Lake's main beach swimming area. The other two units are sized 10' x 16' and are located at Wheaton and Gordon Lake fishing dock areas.

The Sky Chief Park complex is a 1,313 acre Tribal Management area that is comprised of several lakes, forestry, and a buffalo park. The Park includes opportunities for camping, fishing, walking and nature trails, swimming and water sports, individual and group picnic facilities, and wildlife opportunities – as these may be developed carefully within the context of an integrated stewardship and work plan.

It was essential that the Sky Chief Park have restroom facilities available due to the large number of visitors which has gradually increased over the past years. Signage has been placed on each restroom to recognize the North Dakota Outdoor Heritage Fund's financial contribution to the project.

This is the final report for the project.

Photos of work completed are welcome (If appropriate, please submit photos of key elements of the project completed or in progress during reporting period) Do not exceed five photos per project report.

This report was prepared pursuant to an agreement with the Industrial Commission of North Dakota, which partially funded the project through the Outdoor Heritage Fund. Project participants, its subcontractors, and the Industrial Commission of North Dakota, or any person acting on its behalf, do not:
