Goal of Project:

The goal of our Park Beautification project was to make the park feel more put together. And a place where the community can go relax and a place to be proud of.

Work Accomplished:

The work that was accomplished was the planting of twelve trees at the St. Mary's Park in Richardton.

Project Results:

The results in this project are very positive. We have a Park that feels complete with all the trees that were planted. We have a park where families can go hang out and a park with shade and beauty.

Value to North Dakota:

The value of the Park Beautification project to North Dakota is that there are more trees and a place in the state that families can go and have fun.
