To Whom it May Concern,

I want to thank you for awarding the Minot Park District Foundation funding for Phase Two of the Woodland Trail. As you know we were also awarded Federal funding from the North Dakota Recreational Trails Program. We were awarded additional funding then originally proposed from the Recreational Trails Program. Their funding was enough to cover Phase Two for the Woodland Trail. Therefore, we will close the contract with the Outdoor Heritage Fund on this project. Once again we want to thank you for your support of the Woodland Trail on both Phase One and Phase Two. The project has seen much success and many users. Please see the attached photos of the final project. We hope to be bringing another grant application to you in the future.

Sincerely,
