Abstract/Executive Summary.

Summarize the project, including its objectives, expected results, duration, total project costs and participants. (no more than 500 words)

Our project objective is to replace our current playground at Troy Park with an updated state of the art playground. Troy Park is one of 12 parks that the Beulah Parks and Recreation services. We take pride in all our parks and currently have three parks that are in need of renovation. Troy Park services an area with multiple families and daycares with a wide range of children. Currently, Troy Park is older and outdated, it also has a basketball court and several mature trees. With the new play structure not only will it be up to code and safer, it will also include multiple learning and activity stations.

The expected results of replacing this park will be to provide another amenity for our growing community to enjoy. Also, it will encompass more than just Beulah citizens but visitors to our

community as well. The duration of this project will depend on our ongoing fundraising campaigns, but plan on completion in the summer of 2019.

Project Duration:

Indicate the intended schedule for drawing down OHF funds.

Amount of Grant request: \$10,000.00

Total Project Costs: \$80,165.00

Note: in-kind and indirect costs can be used for matching funds.

Amount of Matching Funds: \$70,165.00

A minimum of 25% Match Funding is required. Indicate if the matching funds will be in-kind, indirect or cash. Please provide verification that these matching funds are available for your project. Note that effective as of July 1, 2015 no State General Fund dollars can be used for a match unless funding was legislatively appropriated for that purpose.

Narrative

Organization Information – Briefly summarize your organization’s history, mission, current programs and activities.

Include an overview of your organizational structure, including board, staff and volunteer involvement. (no more than 300 words)

We are a city government division supported by state revenue sharing, county mill levies, charitable donations, and grants. We have a board consisting of five elected commissioners and three full-time employees which are: Sonja Dutchuk, Park and Recreation Director, Bob Mohl, Park Superintendent, and Jeff Baranick, Recreational Coordinator along with a part-time Deb Bonebrake, Office Manager. We have seasonal part-time employees through the summer months and multiple part-time employees/students that work at our Energy Wellness Center during the year.

Our mission is to be proactive in our community and offer the best fitness and recreational programs to enhance the lives of the families that choose to live here. Beulah Parks and Recreation offers 13 different parks and recreation facilities in our community, including Beulah Bay Campground which offers more than just the best boat ramp on the south shore of Lake Sakakawea, great fishing and cleaning station for the public. We also have a grand baseball field; a softball complex used by the youth programs as well as the adults, and lighted tennis/basketball court for everyone. Riverside Park has numerous activities for the community; Beulah School football field, Frisbee golf Course, and state of the art playground structure. We provide summer enjoyment and learning for over 200 youth each summer and offer numerous fall/winter activities like flag football, soccer and basketball.

Our office operates out of the Energy Wellness Center which is a full-service gym that provides numerous fitness classes, state of the art weight room and cardio deck, indoor running/walking track, golf simulator, full basketball court and a daycare facility for our members.

Purpose of Grant – Describe the proposed project identifying how the project will meet the specific directive(s) of the Outdoor Heritage Fund Program

There is an urgency to this project, as we do not want to eliminate this park due to its present state, and it's important to continue to provide quality amenities to our citizens. This is a new park project and our ongoing commitment to innovation, striving to keep our parks fresh and exciting. This project is unique with its multi learning stations and special featured play events.

Is this project part of a Comprehensive Conservation Plan? ☐ Yes ☒ No

If yes, provide a copy with the application.

Note: Projects involving buildings and infrastructure will only be considered if part of a Comprehensive Conservation Plan. Please refer to the “Definitions” section at the back of the form for more details.

Management of Project – Provide a description of how you will manage and oversee the project to ensure it is carried out on schedule and in a manner that best ensures its objectives will be met.

The director will oversee the entire project from start to finish, ensuring that the project will be met in accordance with regulations. The director will supervise, coordinate, and direct the work of professional or non-professional staff involved in the day to day administration, construction, and maintenance of the Troy Park Project. The director will work within general methods and procedures and exercise consideration independent judgment to select the proper course of action.

Evaluation – Describe your plan to document progress and results.

This project will be successful with the help of community support and completion in a timely manner. Success will also measure by the increase of patrons to the new facility, as well as customer satisfaction in the Beulah Parks and Recreation as we continue to provide quality recreational avenues for the residents in Beulah and its visitors. We will be responsible for all maintenance and operation and will provide any and all reports in a timely matter as requested.

Financial Information

Project Budget – Use the table below to provide an itemized list of project expenses and describe the matching funds being utilized for this project.

Indicate if the matching funds are in the form of cash, indirect costs or in-kind services. The budget should identify all other committed funding sources and the amount of funding from each source. **A minimum of 25% match funding is required.** An application will be scored higher the greater the amount of match funding provided. (See Scoring Form.)

Certain values have been identified for in-kind services as detailed under “Budget Information” at the back of this form. Refer to that section and utilize these values in identifying your matching funds.

NOTE: No indirect costs will be funded. Supporting documentation for project expenses, including bids, must be included or application will be considered incomplete.

Project Expense	OHF Request	Applicant's Match Share (Cash)	Applicant's Match Share (In-Kind)	Applicant's Match Share (Indirect)	Other Project Sponsor's Share	Total Each Project Expense
Playground Equipment	\$10,000	\$4,500	\$36,700	\$	\$28,965.00	\$80,165.00
	\$	\$	\$	\$	\$	\$
	\$	\$	\$	\$	\$	\$
	\$	\$	\$	\$	\$	\$
	\$	\$	\$	\$	\$	\$
	\$	\$	\$	\$	\$	\$
Total Costs	\$10,000	\$4,500	\$36,7000	\$	\$	\$

Note: Costs for seeding, fencing, pipelines, wells, and cover crops cannot exceed NRCS Field Office Tech Guide without justification. Projects involving perimeter fencing must follow NRCS eligibility standards.

Budget Narrative – Use the space below to provide additional detail regarding project expenses.

Sustainability – Indicate how the project will be funded or sustained in future years.

Include information on the sustainability of this project after OHF funds have been expended and whether the sustainability will be in the form of ongoing management or additional funding from a different source.

Partial Funding – Indicate how the project will be affected if less funding is available than that requested.

Partnership Recognition - If you are a successful recipient of Outdoor Heritage Fund dollars, how would you recognize the Outdoor Heritage Fund partnership?

Once all funds are gathered and the play structure is ordered a sign will be placed with all the names of donors along with recognition in the Beulah Beacon newspaper. **** There must be signage at the location of the project acknowledging OHF funding when appropriate.***

Awarding of Grants - Review the appropriate sample contract for your organization on the website at <http://www.nd.gov/ndic/outdoor-info/page.htm>.

Can you meet all the provisions of the sample contract? X Yes ☐ No

If there are provisions in that contract that your organization is unable to meet, please indicate below what those provisions would be:

ABOUT OHF:

The purpose of the North Dakota Outdoor Heritage Fund is to provide funding to state agencies, tribal governments, political subdivisions, and nonprofit organizations, with higher priority given to projects that enhance **conservation** practices in this state by:

Directive A. Providing access to private and public lands for sportsmen, including projects that create fish and wildlife habitat and provide access for sportsmen;

Directive B. Improving, maintaining and restoring water quality, soil conditions, plant diversity, animal systems and by supporting other practices of stewardship to enhance farming and ranching;

Directive C. Developing, enhancing, conserving and restoring wildlife and fish habitat on private and public lands; and

Directive D. Conserving natural areas and creating other areas for recreation through the establishment and development of parks and other recreation areas.

EXEMPTIONS

Outdoor Heritage Fund grants may not be used to finance the following:

- Litigation;
- Lobbying activities;
- Any activity that would interfere, disrupt, or prevent activities associated with surface coal mining operations; sand, gravel, or scoria extraction activities; oil and gas operations; or other energy facility or infrastructure development;
- The acquisition of land or to encumber any land for a term longer than twenty years; or
- Projects outside this state or projects that are beyond the scope of defined activities that fulfill the purposes of Chapter 54-17.8 of the North Dakota Century Code.

OHF funds may not be used, except after a finding of exceptional circumstances by the Industrial Commission, to finance:

- A completed project or project commenced before the grant application is submitted;

- A feasibility or research study;
- Maintenance costs;
- A paving project for a road or parking lot;
- A swimming pool or aquatic park;
- Personal property that is not affixed to the land;
- Playground equipment, except that grant funds may be provided for up to 25% of the cost of the equipment not exceeding \$10,000 per project and all playground equipment grants may not exceed 5% of the total grants per year (see Definitions/Clarifications for how this will be calculated);
- Staffing or outside consultants except for costs for staffing or an outside consultant to design and implement an approved project based on the documented need of the applicant and the expenditures may not exceed 5% of the grant to a grantee if the grant exceeds \$250,000 and expenditures may not exceed 10% of the grant to a grantee if the grant is \$250,000 or less (see Definitions/Clarifications for how this will be calculated);
- A building except for a building that is included as part of a comprehensive conservation plan for a new or expanded recreational project (see Definitions/Clarifications for definition of comprehensive conservation plan and new or expanded recreational project); or
- A project in which the applicant is not directly involved in the execution and completion of the project.

The goal of the Industrial Commission is that at a minimum 15% of the funding received for a biennium will be given priority for recreation projects that meet Directive D.

The following projects are not eligible for funding, unless there is a finding of exceptional circumstances by the Industrial Commission include:

- Construction or refurbishment of indoor/outdoor ice rinks,
- Construction or refurbishment of indoor/outdoor athletic courts and sports fields,
- Other substantially similar facilities.
- Infrastructure that is not part of a comprehensive conservation plan.
- Projects not meeting a minimum funding request of \$2,500.

Budget Information

In-kind services used to match the request for Outdoor Heritage Fund dollars shall be valued as follows:

- | | |
|------------------------|---|
| • Labor costs | \$15.00 an hour |
| • Land costs | Average rent costs for the county as shown in the most recent publication of the USDA, National Agricultural Statistics Services, North Dakota Field Office |
| • Permanent Equipment | Any equipment purchased must be listed separately with documentation showing actual cost. (For example: playground equipment) |
| • Equipment usage | Actual documentation |
| • Seed & Seedlings | Actual documentation |
| • Transportation | Mileage at federal rate |
| • Supplies & materials | Actual documentation |

More categories will be added as we better understand the types of applications that will be submitted. We will use as our basis for these standards other State and Federal programs that have established rates. For example, the North Dakota Nonpoint Source Pollution Management Program has established rates. If your project includes work that has an established rate under another State Program, please use those rates and note your source.

Definitions/Clarifications:

Building - Defined as "A structure with a roof either with walls or without walls and is attached to the ground in a permanent nature."

Comprehensive Conservation Plan - Defined as "A detailed plan that has been formally adopted by the governing board which includes goals and objectives--both short and long term, must show how this building will enhance the overall conservation goals of the project and the protection or preservation of wildlife and fish habitat or natural areas." This does not need to be a complex multi-page document. It could be included as a part of the application or be an attachment.

New and Expanded Recreational Project means that the proposed building cannot be a replacement of a current building. The proposed building must also be related to either a new or expanded recreational project--either an expansion in land or an expansion of an existing building or in the opportunities for recreation at the project site.

Playground equipment calculation - Only the actual costs of the playground equipment (a bid or invoice showing the amount of the equipment costs must be provided) - cannot include freight or installation or surface materials or removal of old equipment, etc.

Staffing/Outside Consultants Costs - If you are requesting OHF funding for staffing or for an outside consultant, you must provide information in your application on the need for OHF funding to cover these costs. For example, if you are an entity that has engineering staff you must explain why you don't have sufficient staff to do the work or if specific expertise is needed or whatever the reason is for your entity to retain an outside consultant. If it is a request for reimbursement for staff time then a written explanation is required in the application of why OHF funding is needed to pay for the costs of that staff member(s)' time. **The budget form must reflect on a separate line item the specific amount that is being requested for staffing and/or the hiring of an outside consultant.** This separate line item will then be used to make the calculation of 5% or 10% as outlined in the law. Note that the calculation will be made on the grant less the costs for the consultant or staff.

Scoring of Grants

Oral Presentation. Please note that you will be given an opportunity to make a ten-minute Oral Presentation at a meeting of the Outdoor Heritage Fund Advisory Board. These presentations are strongly encouraged.

Open Record. Please note that your application and any attachments will be open records as defined by law and will be posted on the Industrial Commission/Outdoor Heritage Fund website.

All applications will be scored by the Outdoor Heritage Fund Advisory Board after your ten-minute oral presentation. The ranking form that will be used by the Board is available on the website at <http://www.nd.gov/ndic/outdoor-infopage.htm> .

Awarding of Grants

All decisions on requests will be reported to applicants no later than 30 days after Industrial Commission consideration. The Commission can set a limit on duration of an offer on each application or if there isn't a specific date indicated in the application for implementation of the project, then the applicant has until the next Outdoor Heritage Fund Advisory Board regular meeting to sign the contract and get the project underway or the commitment for funding will be terminated and the applicant may resubmit for funding. Applicants whose proposals have been approved will receive a contract outlining the terms and conditions of the grant.

Responsibility of Recipient

The recipient of any grant from the Industrial Commission must use the funds awarded for the specific purpose described in the grant application and in accordance with the contract. The recipient cannot use any of the funds for the purposes stated under Exemptions on the first page of this application.

If you have any questions about the application or have trouble submitting the application, please contact Andrea Pfennig at 701-328-3786 or apfennig@nd.gov.

Most entities must file a Form 1023, Application for Recognition of Exemption Under Section 501(c)(3) of the Internal Revenue Code, to request a determination that the organization is exempt from federal income tax under 501(c)(3) of the Code and that charitable contributions are tax deductible to contributors under section 170(c)(2). In addition, private foundations and other persons sometimes want assurance that their grants or contributions are made to a governmental unit or a public charity. Generally, grantors and contributors may rely on the status of governmental units based on State or local law. Form 1023 and Publication 4220, Applying for 501(c)(3) Tax-Exempt Status, are available online at www.irs.gov/eo.

We hope this general information will be of assistance to you. This letter, however, does not determine that you have any particular tax status. If you are unsure of your status as a governmental unit or state institution whose income is excluded under section 115(1) you may seek a private letter ruling by following the procedures specified in Revenue Procedure 2007-1, 2007-1 I.R.B. 1 (updated annually).

If you have any questions, please call us at the telephone number shown in the heading of this letter.
