	Match Funding \$3	351,096.05 (\$7	06,016.87 - \$354,920	0.82)	

NOTE: Grant award was reduced from \$2M to \$1.9M. Match amount may vary from original proposal. Original match for \$2M grant was \$733,000. \$1.9M grant match will be 696,350. Match amount was adjusted per discussions with NDIC January 2016 to more accurately reflect the correct match amount. Match amount is \$706,016.87.

In-kind Funding \$0

OHF Funding still to be Requested \$1,012,136.44 Total Funding to be Expended on this Project \$1,900,000

Do you anticipate needing to request a grant extension If yes, please explain /_/ Yes /x/ No

Work Completed during Period Covered by Report: (This information will be posted on the Outdoor Heritage Fund/Industrial Commission website)

The \$1.9M grant was divided out between the Save Our Lakes (SOL) program and the PLOTS program. \$1.5M was allocated to PLOTS, while the remaining 400,000 was allocated to SOL. The initial proposal indicated that SOL agreements would be between 10 and 20 years and PLOTS agreements would be for 10 years. SOL payments would be made one-time, upfront, while PLOTS payments would be made annually. The only deviation from the original proposal included a slight adjustment to allow a range of 6-10 years for PLOTS agreements to better fit the needs and interests of producers.

Save Our Lakes

No additional agreements were signed during this reporting period. The \$400,000 OHF allocated to SOL has been fully expended on 19 agreements totaling 1,101.40 acres. OHF funds were used to provide 75 percent of the land rental payment, while SOL funds provided the remaining 25 percent of the payment. Payments were made as a one-time, lump sum. Other non-OHF, SOL funds were used to install infrastructure such as fencing and wells and to plant grass on or adjacent to these areas. The main objective of these agreements is to manage riparian systems and important watersheds through and array of practices and methods including managed grazing and/or haying; i.e. reducing the duration, frequency and intensity of grazing or haying along the riparian systems. Annual monitoring has been completed on these agreements.

PLOTS

No additional agreements were signed during this reporting period. 11 agreements totaling 3,041 acres have been signed in Ransom, Lamoure and Dickey counties. Annual payments were made in March 2016 with funds made available through this grant. Annual monitoring has been completed on these agreements.

These acres are all signed with Department PLOTS signs as well as a sign indicated funding was provided through OHF. The areas are available for walk-in public access and are displayed in the Department's annually published Conservation PLOTS guide. They can also be viewed on the Department's interactive map service and available for GPS download or use on smart phone apps.

Photos of work completed are welcome (If appropriate, please submit photos of key elements of the project completed or in progress during reporting period) Do not exceed five photos per project report.

Signature of Responsible Official
