OHF Funding still to be Requested \$ 274,500.00			
Total Funding to be Expended on this Project \$ 353,000.00			
Do you anticipate needing to request a grant extension If yes, please explain			
<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No			

Exhibit B

Work Completed during Period Covered by Report:

(This information will be posted on the Outdoor Heritage Fund/Industrial Commission website)

The Centennial Park Woodland Trail and Souris River Access Plan is currently in the design phase. Park District staff have walked the trail with the KLJ Architects and the route has been marked for the least disturbance to the natural setting of the trail. Pictures have been attached to show the marking of the trail. It will be a scenic nature trail where we are excited to offer year round use. It is the perfect location for a summer nature walk or birding enthusiasts. It is also ideal for cross country skiing with protection from the winter winds.

This is an exciting process and we hope to have the project bid out in late March. As we look at the timeline of this project we would like to start construction this spring. The next month will be spent finalizing the design and getting the project ready for bid.

We continue to look for grant funding for phase two of the trail. We are hopeful with the start of phase one there will be more interest for phase two of the project.

Photos of work completed are welcome (If appropriate, please submit photos of key elements of the project completed or in progress during reporting period) Do not exceed five photos per project report.

Signature of Responsible Official

The project reports shall be provided to the Commission in both electronic and hard-copy formats with permission for unrestricted distribution. The electronic versions shall be in a suitable format for posting on the Outdoor Heritage Fund/Commission website.
