Do you anticipate needing to request a grant extension If yes, please explain			
/ / Yes /x/ No			

Work Completed during Period Covered by Report:

(This information will be posted on the Outdoor Heritage Fund/Industrial Commission website)

A high quality seed mix was assembled and seeded on to 55 acres which was enrolled into the NDGF Plots program and part of the ND OHF Prairie Project. 9 of the enrolled acres is having seed bed preparation prior to seeding in 2016. The remainder of the grant acres have been found and some landowners will be denied into the Prairie Project because of the limited funding provided to the grant. All but 14 acres will be located in Cass and Traill counties located within the Red River Valley and will max enrolled acres at 150 and all 150 acres will be NDGF Plots acres. Some of the seeded acres re-establishes native extirpated tallgrass prairie plants back into North Dakota!

Two Photos attached.

Photos of work completed are welcome (If appropriate, please submit photos of key elements of the project completed or in progress during reporting period) Do not exceed five photos per project report.

Signature of Responsible Official

John DeVries A - President

The project reports shall be provided to the Commission in both electronic and hard-copy formats with permission for unrestricted distribution. The electronic versions shall be in a suitable format for posting on the Outdoor Heritage Fund/Commission website.

United Prairie
FOUNDATION

TALLGRASS PRAIRIE DEVELOPMENT PLOT

Please Do Not Spray or Mow

This Development Plot is a seed source from a high diverse prairie restoration using local eco type native prairie seed mixes. The high diverse native prairie plants create wildlife habitat for ducks, deer, pheasants, butterflies, and is the highest quality prairie habitat for bees and other beneficial insects.
