<u>Balance of Grant Funds</u>			
Match Funding \$ 19,125.00			
In-kind Funding \$ 968.50			
OHF Funding still to be Requested \$ 19,125.00			
Total Funding to be Expended on this Project \$ 27,754.46			
Do you anticipate needing to request a grant extension If yes, please explain			
<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No			

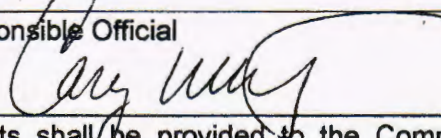

**Work Completed during Period Covered by Report:**

(This information will be posted on the Outdoor Heritage Fund/Industrial Commission website)

11/07/2014: Work began on Texas Rock crossing at Far west Tributary. Texas crossing along with new culvert installation including rip rap and erosion barrier in place and completed 11/25/2015. 11/26/2015 Work began along West side shoreline, utilizing long reach excavator. Approximately 180 feet of total 300 feet of shoreline has been restored. Debris has been removed from Lake Bottom as well. However an extension is anticipated for fall of 2016 in order to complete rip rap and fabric erosion barrier placement along with completion of earthen fishing pier. Once again lake levels had not been conducive to perform work earlier including the need to wait post harvest in order to provide adequate space for disposal of sediment removed from Lake Bottom and shoreline. Project is showing positive improvements for anglers and future recreation use. Please see attached photos for work completed to date.

Photos of work completed are welcome (If appropriate, please submit photos of key elements of the project completed or in progress during reporting period) Do not exceed five photos per project report.

Signature of Responsible Official
