## Work Completed during period covered by report:

(This information will be posted on the Outdoor Heritage Fund/Industrial Commission website)

No application periods were held in 2018. One additional grant was accepted in 2018. This grant was offered to the applicant during the last application period but the applicant did not execute at that time. No changes were made to the agreement other than start and finish dates. Three program participants (one parcel of property owned by three people), canceled their waterbank agreements in 2018. Four program participants opted to accept a lump-sum payment instead of yearly payments for the remainder of their grants, no other changes were made to their grants.

To date, 1966.74 acres are enrolled in the program with 648.52 wetland acres conserved. For these total acres, there 20 fully executed Notice of Grant Awards (NOGAs) extending until 2028.
