Subject: Status report

Karlene;

The Park Board is waiting for the permit from the State Water Commission for the Stump Lake Park Bank Restoration project. It has been approved and it is supposed to be in the mail. The Army Corps of Engineers has already approved their permit and sent it to us. The Park Board is hoping to meet with the engineer next week to finalize plans and to advertise for bids. A bidding date has not been set yet. If you have any questions, feel free to contact me.
