Do you anticipate needing to request a grant extension? /_/ Yes /X/ No

If yes, please explain:

*As appropriate please provide copies of receipts for purchases.

Work Completed during Period Covered by Report:

(This information will be posted on the Outdoor Heritage Fund/Industrial Commission website)

Attached is a report produced by the BMP Tracker Program that shows all cost shared practices completed during the entire project from August 2015 through December 2020. The deviation between Producer Match reported in the BMP Tracker and that shown on this report can be explained by the match contributions made by District Staff in the completion of this project. Hours spent with producers planning and implementing the practices were documented as match to the project.

The \$12,735 that was contracted to be completed after the last status report has not and will not be completed for this project. The contract with this producer will end without being completed. The producer is aware of the situation and understands the loss of this potential cost share as he was unable to complete the required practices within the time allotted.

A total of \$110,986.40 was expended through this project leaving a balance that will fall back to the Outdoor Heritage Fund of \$139,013.60.

The project sponsors would like to thank the OHF board and the Industrial Commission for the opportunity to utilize these funds to contribute to some very deserving projects. All the projects were worth doing and will all benefit the environment and make a difference.

Photos of work completed are welcome (If appropriate, please submit photos of key elements of the project completed or in progress during reporting period) Do not exceed five photos per project report.

This report was prepared pursuant to an agreement with the Industrial Commission of North Dakota, which partially funded the project through the Outdoor Heritage Fund. Project participants, its subcontractors, and the Industrial Commission of North Dakota, or any person acting on its behalf, do not:

- (A) *Make any warranty or representation, express or implied, with respect to the accuracy, completeness, or usefulness of the information contained in this report, or that the use of any information, apparatus, method, or process disclosed in this report may not infringe privately-owned rights; or*
- (B) *Assume any liabilities with respect to the use of, or for damages resulting from the use of, any information, apparatus, method or process disclosed in this report.*

Reference herein to any specific commercial product, process, or service by trade name, trademark, manufacturer, or otherwise, does not necessarily constitute or imply its endorsement, recommendation, or favoring by the Industrial Commission of North Dakota. The views and opinions of authors expressed herein do not necessarily state or reflect those of the Industrial Commission of North Dakota.
