Match Explanation Footnotes

- *1: No cash or in-kind match donations were made to support the BMP implementation.
- *2: The Donation Amount represents the cash payment due to the producer through the applicable Match Source. This payment will supplement the producer's match responsibilities related to the Section 319 cost share assistance.
- *3: If Donation Type is In-Kind For Producer Match, the Donation Amount reflects the amount of inkind match donated by the project to supplement the producer's match responsibilities. The Donation Amount must be deducted from the project's Earned Inkind Match pool. If Donation Type is Donated BMP InKind Match, the Donation Amount is the value of inkind match donated to the project by the producer. This amount must be entered in the projects Earned InKind Match tables.
- *4: The Donation Amount represents the cash payment due to the producer through the applicable Match Source. This payment will reduce the amount of Section 319 funds needed to fulfill the 60% cost share assistance for the BMP.
