Financial Update

Please provide the following information regarding the funding for your project based on the contract award:

	Funds Spent THIS Reporting Period*	Total Funds Spent to Date	Balance of Remaining Funds
Match Funding	\$ 20,706.03	\$ 20,706.03	\$ 4,293.97
In-kind Funding	\$ 65,106.29	\$ 167,572.26	\$ 22,427.74
OHF Funding	\$ 53,179.89	\$ 183,265.94	\$ 66,734.06
Total	\$ 138,992.21	\$ 371,544.23	\$ 93,455.77

Is this your final reimbursement request? Yes No
 Do you anticipate needing to request a grant extension? Yes No

If yes, please explain:

I am requesting an extension to use up the remaining available funds. We have producers that have signed contracts in place that were not able to complete their projects due to the drought conditions and material availability. If all of those projects are completed at projected costs (\$8,079.84 of OHF Funds), we will still have approximately \$58,654.22 of OHF dollars remaining. Additionally, we have 6 more producers (on a wait list) that would be interesting in signing a cost share agreement for their pending projects.

OHF REIMBURSEMENT REQUEST AND ACTIVITY REPORT

Work Completed during Period Covered by Report:
(This information will be posted on the Outdoor Heritage Fund/Industrial Commission website)

This report covers work from January 23, 2021 through December 31, 2021.

2021 was a challenging year for producers in our area due to the extreme (D4) drought conditions. Their main focus over this period was on finding water and additional grazing, which is reflected in the services provided. The OHF Cost-share agreement serviced 11 different producers and assisted in the completion of 47,080 feet of fence, 4,671 feet of shallow livestock pipeline, 1 well, 8 tanks, and three pumps (please see attached excel spreadsheet for a more detailed report). There was also 302.6 acres of grass seeded.

Additionally, the USFWS assisted 4 producers and matched funds totaling \$20,706.03.

Photos of work completed are welcome (If appropriate, please submit photos of key elements of the project completed or in progress during reporting period) Do not exceed five photos per project report.
