Richardton	ND	58652	701-260-3749

Financial Update

Please provide the following information regarding the funding for your project based on the contract award:

	Funds Spent THIS Reporting Period*	Total Funds Spent to Date	Balance of Remaining Funds
Match Funding		\$1,000	0.00
In-kind Funding			
OHF Funding		\$4,740.00	0.00
Total			

Do you anticipate needing to request a grant extension? /_ / Yes /_X / No

If yes, please explain:

*As appropriate please provide copies of receipts for purchases.

Work Completed during Period Covered by Report: /
 (This information will be posted on the Outdoor Heritage Fund/Industrial Commission website)

All of the work has been completed. We have planted twelve beautiful trees in our St. Mary's Park. It has brought such beauty to the community.

The Richardton Park Beautification Project was completed in July by Razor Edge Landscaping out of Dickinson, ND. The Park Board decided that the parks in town were lacking trees and shade. We decided to plant twelve trees in St. Mary's Park. The twelve trees that were planted were five Hackberry, two Oak Burr, and five Linden Green Spire Trees. These trees provide shade and bring beauty to the park and community.

We were in contact with the Forest Service about the types of trees that should be planted in our area. They suggested the trees above and they have worked out wonderfully in our park. Our community has been so grateful of this project that they have said it helps the park feel more put together and is a place where families can go and enjoy their time together. It has brought our community together in a more positive way. There have been basketball tournaments over the summer that has never happened before, and we have noticed more families and children have been using the that park more. It has been an amazing project for our community.

The value of the project to the citizens of North Dakota is that there is a park that every citizen can use. If a family is driving through it is a great place to stop and have a shaded area for lunch. It gets people outside and brings the community together. The trees really make the park feel more complete. We have had such a positive feedback from our community members.

Photos of work completed are welcome (If appropriate, please submit photos of key elements of the project completed or in progress during reporting period) Do not exceed five photos per project report.

This report was prepared pursuant to an agreement with the Industrial Commission of North Dakota, which partially funded the project through the Outdoor Heritage Fund. Project participants, its subcontractors, and the Industrial Commission of North Dakota, or any person acting on its behalf, do not:
