

OHF FINAL REPORT – EXECUTIVE SUMMARY

Project Number: 14-~~10~~ 155

Recipient: Beulah Park District

Award Amount: \$10,000

Total Project Costs: \$80,165.00

Total OHF Funds Received:

Goal of Project:

Our goal is to replace our current playgrounds that are outdated and unsafe for our community. Troy Park was one of the 3 parks that need to be replaced. We take pride in all our parks and love to see our community take advantage of them. Troy Park services an area with multiple families and daycares with a wide range of children. With this park being one of our older parks and having a basketball court and several mature trees this is a great opportunity for us to give back to our community as they have supported us so much in the past.

Work Accomplished:

We had multiple delays due to Covid-19 but once we got the green light, we moved forward! We purchased our playground from Larry Grondahl at Grondahl Recreation Inc out of Williston, North Dakota. We (Beulah Park District) did take the equipment down ourselves to help with cost. They did have to come back in August to add more pieces that they had forgot. Other than that, the project went smoothly.

Project Results:

I have attached a picture (see page 2) of the finished project. This has been a great addition to our community and the outcome and response has been so positive especially during these trying times.

Value to North Dakota:

North Dakota is well known for their parks and Beulah is no exception. As a rural community we service numerous communities and take pride that people want to come and return to all our parks throughout town. We continue to service our community and can't wait for what the future holds for Beulah.
