Work Completed during Period Covered by Report:

(This information will be posted on the Outdoor Heritage Fund/Industrial Commission website)

The 6.5-mile redevelopment of the Cavlandic Trails is nearly complete with the majority of the work finished. The trail starts at the Cavalier Country Club, passes by Icelandic State Park, leads into the City of Cavalier, and links to an outer city neighborhood. While the majority of the construction is complete, the engineer is following up with the contractor regarding a few remaining punch list items. The bike repair stations and the mile marker signage have been ordered, but have not yet arrived and are not installed. The traffic signage has been installed. While a formal study has not been completed to provide usage metrics, anecdotally we have seen heavy usage has been observed. The trail is being utilized by runners, joggers, walkers, and cyclists. The city has acknowledged a portion of the funding being provided by OHF in the local newspaper, on the city website, on social media, and at publicly attended council meetings. The mayor recognized the OHF as a large donor to the project in her monthly update to the public published in the local newspaper.
