Organization Information

Status*: Approved
Name*: Cass County Soil Conservation District
Organization Type*: Political Subdivision
Interim Report

Work Accomplished*:

In total 343 acres were seeded for the Cass County Cover Crop Project. Interest in the project was significantly less this year due to wet spring planting and lack of small grains on the landscape. We did not offer assistance to those seeding covers for Prevented Plant acres. Thousands of acres were seeded without program assistance on Prevented Plant acres.
