

Outdoor Heritage Fund Grant Application

Instructions

After completing the form, applications and supporting documentation may be submitted by e-mail to ndicgrants@nd.gov. It is preferred that only electronic copies are submitted.

You are not limited to the spacing provided, except in those instances where there is a limit on the number of words. If you need additional space, please indicate that on the application form, answer the question on a separate page, and include with your submission.

The application and all attachments must be received by the application deadline. You may submit your application at any time prior to the application deadline. **Applicants are strongly encouraged to submit applications prior to the deadline for staff review in order ensure that proposals will be complete when submitted on deadline date.** Incomplete applications may not be considered for funding.

Please review the back of this form to determine project eligibility, definitions, budget criteria, and statutory requirements.

Project Name Dakota Lake Picnic Shelter

Name of Organization Dickey County

Federal Tax ID# 45-6002207

Contact Person/Title Amy Mittleider Administrative Assistant/Deputy Auditor

Address 309 N 2nd St PO Box 215

City Ellendale

State ND

Zip Code 58436

E-mail Address amy.mittleider@nd.gov

Web Site Address (If applicable) [Dickey County, North Dakota \(dickeynd.com\)](http://Dickey County, North Dakota (dickeynd.com))

Phone 701-349-8408

List names of co-applicants if this is a joint proposal

MAJOR Directive:

Choose only one response

Directive A. Providing access to private and public lands for sportsmen, including projects that create fish and wildlife habitat and provide access for sportsmen;

Directive B. Improving, maintaining and restoring water quality, soil conditions, plant diversity, animal systems and by supporting other practices of stewardship to enhance farming and ranching;

Directive C. Developing, enhancing, conserving and restoring wildlife and fish habitat on private and public lands; and

Directive D. Conserving natural areas and creating other areas for recreation through the establishment and development of parks and other recreation areas.

Additional Directive:

Choose all that apply

Directive A.

Directive B.

Directive C.

Directive D.

Type of organization:

State Agency

Political Subdivision

Tribal Entity

Tax-exempt, nonprofit corporation.

Abstract/Executive Summary.

The James River south of Highway 11 and west of Ludden, Dakota Lake, has recently installed a new boat ramp. An Eagle Scout would like to do a project to install a picnic shelter. The Ludden Sportsmen's Club would like to have a 12' x 20' galvanized roof building put on the property. We are hoping to secure funding for the project with costs of concrete for that size building being \$2,000 along with possible funding for the materials needed, which would be an additional \$2,200. The labor would be donated by the Eagle Scout and families.

Project Duration:

The project for the building would only be a few weeks during the summer, pending on weather.

Amount of Grant request: \$ 4,200

Total Project Costs: \$6100

Note: in-kind and indirect costs can be used for matching funds.

Amount of Matching Funds: \$

A minimum of 25% Match Funding is required. Indicate if the matching funds will be in-kind, indirect or cash. Please provide verification that these matching funds are available for your project. Note that effective as of July 1, 2015 no State General Fund dollars can be used for a match unless funding was legislatively appropriated for that purpose.

Amount of Match	Funding Source	Type of Match (Cash, In-kind or Indirect)
\$300.00	Eagle Scout	In-kind Dirt Work
\$800.00	Eagle Scout	In-kind Building Labor
\$800.00	Eagle Scout	In-kind Concrete Labor
\$		
\$		
\$		

Certifications

I certify that this application has been made with the support of the governing body and chief executive of my organization.

I certify that if awarded grant funding none of the funding will be used for any of the exemptions noted in the back of this application.

Narrative

Organization Information – Briefly summarize your organization’s history, mission, current programs and activities.

Dickey County Commission is made up of five board members: Jerry Walsh, Brandon Carlson, Kacey Holm, John Hokana and Marke Roberts. The County serves about 5,000 residents. County Leadership is Auditor-Wanda Sheppard, Treasurer-Wonada Lematta, Clerk of Court Andi Schimke, Tax Equalization-Don Flaherty, Recorder-Kelly Schmidt, Veterans Service Officer-Jean Haakenson, Sheriff-Chris Estes, County Agent-Breana Kiser, States Attorney-Kim Radermacher, Highway Department-Jeff Hagen, Health District-Roxanne Holm, Emergency Management-Charlie Russell. Jack Thorpe is an Eagle Scout that has volunteered to donate his time to construct the picnic shelter.

Purpose of Grant – Describe the proposed project identifying how the project will meet the specific directive(s) of the Outdoor Heritage Fund Program

The County of Dickey is supporting the construction of a picnic shelter at the new boat ramp for Dakota Lake on a piece of property that was donated to the Ludden Sportsman’s Club. The former property with access to Dakota Lake including a boat landing and dock was bought by a private entity and is no longer open to the public. We are starting over from scratch to construct, build and establish a fishing area for all people. This project will benefit residents from the area. It will bring back a popular fishing destination that was, through unfortunate circumstances was eliminated through a private acquisition of the property.

Is this project part of a Comprehensive Conservation Plan? Yes No

If yes, provide a copy with the application.

Note: Projects involving buildings and infrastructure will only be considered if part of a Comprehensive Conservation Plan. Please refer to the “Definitions” section at the back of the form for more details.

Management of Project – Provide a description of how you will manage and oversee the project to ensure it is carried out on schedule and in a manner that best ensures its objectives will be met.

The project of the Picnic Shelter at Dakota Lake will be managed and overseen by myself, Amy Mittleider. I will be collecting reports from the Ludden Sportsman’s Club and Eagle Scout’s to ensure that progress is being made in a timely manner. Pictures will be taken periodically throughout the construction process to ensure adequate progress.

Evaluation – Describe your plan to document progress and results.

Pictures taken throughout the project would be beneficial to show the public via electronic means the new look and the progress being made at the new location for fishing at Dakota Lake. We will encourage the public to take pictures and post on social media as a check in when they stop for a picnic or to go fishing. This will create an increased interest and excitement while developing new exposure to the area.

Financial Information

Project Budget – Use the table below to provide an itemized list of project expenses and describe the matching funds being utilized for this project.

Indicate if the matching funds are in the form of cash, indirect costs or in-kind services. The budget should identify all other committed funding sources and the amount of funding from each source. **A minimum of 25% match funding is required.** An application will be scored higher the greater the amount of match funding provided. (See Scoring Form.)

Certain values have been identified for in-kind services as detailed under “Budget Information” at the back of this form. Refer to that section and utilize these values in identifying your matching funds.

NOTE: No indirect costs will be funded. Supporting documentation for project expenses, including bids, must be included or application will be considered incomplete.

Project Expense	OHF Request	Applicant's Match Share (Cash)	Applicant's Match Share (In-Kind)	Applicant's Match Share (Indirect)	Other Project Sponsor's Share	Total Each Project Expense
Concrete/Dirt Work	\$2000.00	\$	\$1100.00	\$	\$	\$3100.00
Building	\$2200.00	\$	\$800.00	\$	\$	\$3000.00
	\$	\$	\$	\$	\$	\$
	\$	\$	\$	\$	\$	\$
	\$	\$	\$	\$	\$	\$
	\$	\$	\$	\$	\$	\$
Total Costs	\$	\$	\$	\$	\$	\$

Note: Costs for seeding, fencing, pipelines, wells, and cover crops cannot exceed NRCS Field Office Tech Guide without justification. Projects involving perimeter fencing must follow NRCS eligibility standards.

Budget Narrative – Use the space below to provide additional detail regarding project expenses.

The materials and the concrete to build the permanent metal pavilion would hopefully be covered by this grant, The Outdoor Heritage Fund, and the Eagle Scout's will be performing the labor as in-kind costs. This will be a great project to bring in more people to enjoy the new area for fishing along the James River.

Sustainability – Indicate how the project will be funded or sustained in future years.

Dakota Lake will be getting used more often as word gets out about the new boat landing being installed and as people find out about a picnic shelter and area to gather will create more activity. In the future the community would like to have a restroom added to the location. There are endless possibilities at the location of Dakota Lake.

Partial Funding – Indicate how the project will be affected if less funding is available than that requested.

Dakota Lake will seek additional funding from fund raising and possible other grants to receive help to complete the tasks that are in the future for the area of Dakota Lake.

Partnership Recognition - If you are a successful recipient of Outdoor Heritage Fund dollars, how would you recognize the Outdoor Heritage Fund partnership? * *There must be signage at the location of the project acknowledging OHF funding when appropriate.*

A sign, listing Funders will be placed by the picnic shelter in a prominent location. A press release will also be sent to the local newspapers. Social media outlets will also feature the successful grant project at Dakota Lake.

Awarding of Grants - Review the appropriate sample contract for your organization on the website at <http://www.nd.gov/ndic/outdoor-infopage.htm>.

Can you meet all the provisions of the sample contract? Yes No

If there are provisions in that contract that your organization is unable to meet, please indicate below what those provisions would be:

ABOUT OHF:

The purpose of the North Dakota Outdoor Heritage Fund is to provide funding to state agencies, tribal governments, political subdivisions, and nonprofit organizations, with higher priority given to projects that enhance **conservation** practices in this state by:

Directive A. Providing access to private and public lands for sportsmen, including projects that create fish and wildlife habitat and provide access for sportsmen;

Directive B. Improving, maintaining and restoring water quality, soil conditions, plant diversity, animal systems and by supporting other practices of stewardship to enhance farming and ranching;

Directive C. Developing, enhancing, conserving and restoring wildlife and fish habitat on private and public lands; and

Directive D. Conserving natural areas and creating other areas for recreation through the establishment and development of parks and other recreation areas.

EXEMPTIONS

Outdoor Heritage Fund grants may not be used to finance the following:

- Litigation;
- Lobbying activities;
- Any activity that would interfere, disrupt, or prevent activities associated with surface coal mining operations; sand, gravel, or scoria extraction activities; oil and gas operations; or other energy facility or infrastructure development;
- The acquisition of land or to encumber any land for a term longer than twenty years; or
- Projects outside this state or projects that are beyond the scope of defined activities that fulfill the purposes of Chapter 54-17.8 of the North Dakota Century Code.

OHF funds may not be used, except after a finding of exceptional circumstances by the Industrial Commission, to finance:

- A completed project or project commenced before the grant application is submitted;
- A feasibility or research study;
- Maintenance costs;
- A paving project for a road or parking lot;
- A swimming pool or aquatic park;
- Personal property that is not affixed to the land;
- Playground equipment, except that grant funds may be provided for up to 25% of the cost of the equipment not exceeding \$10,000 per project and all playground equipment grants may not exceed 5% of the total grants per year (see Definitions/Clarifications for how this will be calculated);
- Staffing or outside consultants except for costs for staffing or an outside consultant to design and implement an approved project based on the documented need of the applicant and the expenditures may not exceed 5% of the grant to a grantee if the grant exceeds \$250,000 and expenditures may not exceed 10% of the grant to a grantee if the grant is \$250,000 or less (see Definitions/Clarifications for how this will be calculated);

- A building except for a building that is included as part of a comprehensive conservation plan for a new or expanded recreational project (see Definitions/Clarifications for definition of comprehensive conservation plan and new or expanded recreational project); or
- A project in which the applicant is not directly involved in the execution and completion of the project.

The goal of the Industrial Commission is that at a minimum 15% of the funding received for a biennium will be given priority for recreation projects that meet Directive D.

The following projects are not eligible for funding, unless there is a finding of exceptional circumstances by the Industrial Commission include:

- Construction or refurbishment of indoor/outdoor ice rinks,
- Construction or refurbishment of indoor/outdoor athletic courts and sports fields,
- Other substantially similar facilities.
- Infrastructure that is not part of a comprehensive conservation plan.
- Projects not meeting a minimum funding request of \$2,500.

Budget Information

In-kind services used to match the request for Outdoor Heritage Fund dollars shall be valued as follows:

- | | |
|------------------------|---|
| • Labor costs | \$15.00 an hour |
| • Land costs | Average rent costs for the county as shown in the most recent publication of the USDA, National Agricultural Statistics Services, North Dakota Field Office |
| • Permanent Equipment | Any equipment purchased must be listed separately with documentation showing actual cost. (For example: playground equipment) |
| • Equipment usage | Actual documentation |
| • Seed & Seedlings | Actual documentation |
| • Transportation | Mileage at federal rate |
| • Supplies & materials | Actual documentation |

More categories will be added as we better understand the types of applications that will be submitted. We will use as our basis for these standards other State and Federal programs that have established rates. For example, the North Dakota Nonpoint Source Pollution Management Program has established rates. If your project includes work that has an established rate under another State Program, please use those rates and note your source.

Definitions/Clarifications:

Building - Defined as "A structure with a roof either with walls or without walls and is attached to the ground in a permanent nature."

Comprehensive Conservation Plan - Defined as "A detailed plan that has been formally adopted by the governing board which includes goals and objectives--both short and long term, must show how this building will enhance the overall conservation goals of the project and the protection or preservation of wildlife and fish habitat or natural areas." This does not need to be a complex multi-page document. It could be included as a part of the application or be an attachment.

New and Expanded Recreational Project means that the proposed building cannot be a replacement of a current building. The proposed building must also be related to either a new or expanded

recreational project--either an expansion in land or an expansion of an existing building or in the opportunities for recreation at the project site.

Playground equipment calculation - Only the actual costs of the playground equipment (a bid or invoice showing the amount of the equipment costs must be provided) - cannot include freight or installation or surface materials or removal of old equipment, etc.

Staffing/Outside Consultants Costs - If you are requesting OHF funding for staffing or for an outside consultant, you must provide information in your application on the need for OHF funding to cover these costs. For example, if you are an entity that has engineering staff you must explain why you don't have sufficient staff to do the work or if specific expertise is needed or whatever the reason is for your entity to retain an outside consultant. If it is a request for reimbursement for staff time then a written explanation is required in the application of why OHF funding is needed to pay for the costs of that staff member(s)' time. **The budget form must reflect on a separate line item the specific amount that is being requested for staffing and/or the hiring of an outside consultant.** This separate line item will then be used to make the calculation of 5% or 10% as outlined in the law. Note that the calculation will be made on the grant less the costs for the consultant or staff.

Maintenance – Activities that preserve or keep infrastructure in a given existing condition, including repairs. Repair means to restore to sound condition after damage, to renew or refresh; except repairs due to damage caused by Acts of God.

Scoring of Grants

Oral Presentation. Please note that you will be given an opportunity to make a ten-minute Oral Presentation at a meeting of the Outdoor Heritage Fund Advisory Board. These presentations are strongly encouraged.

Open Record. Please note that your application and any attachments will be open records as defined by law and will be posted on the Industrial Commission/Outdoor Heritage Fund website.

All applications will be scored by the Outdoor Heritage Fund Advisory Board after your ten-minute oral presentation. The ranking form that will be used by the Board is available on the website at <http://www.nd.gov/ndic/outdoor-infopage.htm> .

Awarding of Grants

All decisions on requests will be reported to applicants no later than 30 days after Industrial Commission consideration. The Commission can set a limit on duration of an offer on each application or if there isn't a specific date indicated in the application for implementation of the project, then the applicant has until the next Outdoor Heritage Fund Advisory Board regular meeting to sign the contract and get the project underway or the commitment for funding will be terminated and the applicant may resubmit for funding. Applicants whose proposals have been approved will receive a contract outlining the terms and conditions of the grant.

Responsibility of Recipient

The recipient of any grant from the Industrial Commission must use the funds awarded for the specific purpose described in the grant application and in accordance with the contract. The

recipient cannot use any of the funds for the purposes stated under Exemptions on the first page of this application.

If you have any questions about the application, the Commission can be reached at 701-328-3722 or outdoorheritage@nd.gov.

Revised: November 4, 2019, April 12, 2023
